

Cover Letter

Dears,

I am writing regarding your job opening for Client-side (iOS Development). As a candidate with extensive experience in iOS Developing, I am highly skilled in mentioned Technology Skills In the resume. My solid background in teamwork and being a hard-working person have allowed me to handle tasks with exceptional performance. The opportunity to join your company and relocate to your company location dramatically interests me as a holder of MSc because I have been working on improving my job as an iOS Developer and becoming one of the best iOS Developers I Know. In computer engineering, I can work on different Development projects. I believe I would be a valuable asset to your team, and I offer my resume for your review.

As per my professional summary, my qualities and experience make me highly suitable for the role of iOS developer. I am proficient In the resume mentioned in Technology Skills. Throughout my career, I have demonstrated the highest levels of service and commitment to the mission of any organization I have worked for.

I admire how your Company is always on the cutting edge of innovation. With my strengths in development and collaboration, I think I would be a valuable asset to your Company because your company is working on some of my favorite technologies and skills, such as Obj-c, UIKit (Storyboard and Programmatically), SwiftUI, Framework, CoreData, Realm, MVC, MVVM, Tests, Git, etc.

I will apply the same forward-thinking when developing iOS applications for your Company. I'd love to discuss further how I could contribute to your team. Thus, if you are looking for an organized, ambitious developer, you are welcome to contact me to arrange an interview. I am eager to learn more about how your organization can benefit from my contribution. Thank you for your time and consideration, and I look forward to hearing from you.

Best Regards,

Mojtaba Mirzadeh
